

NORITSU EZLAB SOFTWARE

Noritsu EZLab is a powerful new suite that provides enhanced control and improved workflow to retail and professional photofinishers. EZLab takes the operator from behind the printer to the front counter increasing productivity and profitability. Acting as a central hub between Noritsu input and output devices, Noritsu EZLab extends your lab's capabilities with productivity enhancements and additional management functionality. Time-consuming tasks are optimized, greatly increasing efficiency.

NORITSU

MODULAR

The Noritsu EZLab suite is modular, allowing you the flexibility to start with the core application and simply add optional components to suit your needs.

Add-on components include:

- Consumer Kiosk Terminal
- CD / DVD Writing System
